

Hi-Hog's Storm Series Bale Feeders

Feature three sections which pin together, exposed ends that have been coned to eliminate rough edges, and a sheeted base with 16 ga. hot rolled steel. All Hi-Hog round bale feeders now feature feeder panels that are bolted together and the storm series stanchions are sloped both inwards and to the side.

Twister Feeder
A sturdy, efficient and economical cow/calf feeder. 20" base, 101" diameter, 56" height with 18 feeding positions. #961 (6004 899)
